MMG Services & Features — How Does It Work?

Customer Support Knowledge Base — Retrieval Source Document

Prepared for: 6D AARYA AI Fabric — MMG conversational assistant (Chatbot, WhatsApp, Voice BOT) · RAG ingestion · Version 1.0 · September 2026

1. Purpose and Scope

This document is a retrieval source for an AI assistant that answers general questions about how Mobile Money Guyana (MMG) services and features work. It is written for everyday customers and is organised so each section can be retrieved and used on its own by a RAG system — every service entry carries its own description, eligibility, steps, rules and fees context.

Scope: the MMG e-wallet for registered customers in Guyana, delivered through the **mmg Customer** mobile app (on the 6D Mobile Financial Services platform), the MMG MFS Web Portal, MMG agents and merchants. Partner topics (agents, merchants, billers, disbursement partners) are covered only at a summary level; registration is covered in KB-MMG-02, app faults in KB-MMG-03 and bank-related services in KB-MMG-04.

Use case mapping: MMG AI Use Case #1 “How does it work?” (RAG-based, all channels). The assistant explains steps, eligibility, rules and service usage; it does not perform account or transaction changes.

Source note: service descriptions, contact channels, dispute timelines and eligibility rules reflect MMG’s published website, FAQs and Registered Customer Terms & Conditions (2025) as available in September 2026. Values marked † (limits and fee bands) are **illustrative demo values** — MMG does not publish a numeric schedule online. Replace them with MMG’s approved Schedule of Charges and limit configuration before production use.

2. How the Assistant Should Use This Guide

Identify which service the customer is asking about and answer from the matching entry in Section 4. Give the short description first, then the steps, one step per line. If the customer asks “how much” or “how much can I send”, answer from Sections 6 and 7. If the question is about registering, an app error, or a bank transfer, hand over to the relevant knowledge base (KB-MMG-02, 03 or 04). If the customer wants something done on their account (reverse a payment, block the wallet, report a scam), acknowledge it and route to the dedicated use case rather than explaining it as general information.

- **Never ask for, accept or repeat** the customer’s PIN, password, OTP, full card number or CVV. If a customer types one, tell them not to share it and advise them to change it.
- **Read-only and guidance only:** the assistant explains how things work; it does not approve registrations, move money, reverse transactions, change account status or edit KYC details.
- **Sensitive actions route to their own flow:** transaction rollback, suspend/resume, emergency wallet lock, scam reporting, change of number/ownership, account termination and tier upgrade are handled by dedicated maker-checker use cases with back-office approval.
- **Do not guess figures.** For any fee, limit or processing time not stated in this document, tell the customer that the exact charge is shown in the app before they confirm, or offer to connect them to the Call Centre.
- **Voice BOT:** keep answers to two or three short sentences, read numbers slowly, and do not read out links — offer to send the link by SMS/WhatsApp instead.

3. What Is MMG?

MMG (Mobile Money Guyana) is Guyana’s first mobile money e-wallet. It lets customers keep funds in a secure, PIN- and password-protected wallet on their phone and use them to send and receive money, pay bills, top up any mobile network, shop at merchants, buy e-gift cards and pay government services — without needing a bank account. MMG is a service of the One Communications (formerly GTT) group.

- **No bank account needed:** MMG is designed for banked, unbanked and underbanked customers alike.
- **Works on every network:** One Communications, Digicel and ENet customers can all use MMG.
- **Your phone number is your wallet number:** the 7-digit Guyana mobile number registered to the wallet is the MMG account number.
- **No monthly fees and free to register;** small transaction fees apply and are always shown in the app before you confirm.
- **No interest** is paid on money held in an MMG wallet — it is a payments wallet, not a savings account.

4. Service Catalogue

Summary of MMG services available to registered customers. Each service is detailed in the subsections that follow.

Service	What it does	Where available
Add Money (Cash-in)	Load funds into the wallet from an agent, a bank account or a debit/credit card	Agent, online banking, app
Send Money	Transfer money instantly to another MMG wallet using the recipient's mobile number	App, Web Portal
Mobile Money Order (MMO)	Send money to someone who is not registered; they collect cash at an agent	App (send), Agent (collect)
Receive Money	Get money from family, customers or employers into your wallet	Automatic
Cash-out	Withdraw wallet funds as cash	MMG agents
Pay Bill	Pay Direct Billers such as GPL (electricity), GWI (water), One Communications and others	App, Web Portal, Agent
Top Up	Buy airtime or data for any One Communications, Digicel or ENet number	App, Agent
Shop (Merchant Pay)	Pay at participating merchants by merchant name or number	App, merchant counter
e-Gift Cards	Buy digital gift cards by category	App
Government payments	Pay traffic tickets and selected government services (e.g. GRO and immigration fees) where enabled	App
Transaction history & receipts	View past transactions and download or share receipts	App, Web Portal
Rewards & promotions	Cashback, points, challenges and contests on qualifying transactions	App
Account security	PIN/password protection, biometric login, suspend a lost wallet via the Call Centre	App, Call Centre

4.1 Add Money to Your Wallet (Cash-in)

There are three ways to put money into an MMG wallet:

- **At an MMG agent:** find an agent using the locator in the app or at mmg.gy/agents, give the agent your registered mobile number and the cash, and confirm the amount. The wallet is credited immediately and you receive a notification.
- **From your bank:** use your bank's online banking to pay MMG as a bill-payment payee (Republic Bank, GBTI, Demerara Bank and Citizens Bank are supported). See KB-MMG-04 for the steps and processing times per bank.
- **By debit/credit card:** open the app, choose Add Money, select Card, enter the amount and the card details, and complete the card verification step.

Eligibility: any active registered wallet. **Rules:** loads are subject to the wallet balance limit for your account level (Section 7).

4.2 Send Money (P2P)

1. Open the mmg Customer app and sign in.
2. Go to **Pay** and choose **Send Money / MMO**.
3. Enter the recipient's mobile number (or pick a contact) and the amount.
4. Check the recipient name, amount and the fee shown on the review screen.
5. Confirm with your PIN. Both you and the recipient receive a confirmation.

Rules: transfers between MMG wallets are instant. A confirmed transfer is final — always check the recipient name before confirming. If money is sent to the wrong person, a reversal request can be raised within 30 days (handled by the Transaction Rollback use case).

4.3 Mobile Money Order (MMO) — Sending to Someone Without an MMG Wallet

If the recipient is not registered, choose Send Money / MMO and enter their mobile number. The recipient receives the money order details by SMS and can visit any MMG agent to collect the cash by presenting the MMO details and valid ID. The recipient can also register for MMG and receive future transfers directly into a wallet.

4.4 Cash-out

Visit any MMG agent, tell the agent the amount you want to withdraw, and approve the cash-out request in your app with your PIN. The agent hands over the cash once the transaction is confirmed. Always count the cash and keep the confirmation. A cash-out fee applies (shown before you approve).

4.5 Pay Bills

1. Open the app, go to **Services** and select **Pay Bill**.
2. Choose a **Direct Biller** (for example GPL, GWI or One Communications).
3. Select the service and enter the mandatory fields such as account or reference number.
4. Review the amount and fee, then confirm with your PIN.

One Communications bills paid through MMG are processed immediately and at no charge. Payment posting times for other billers depend on the biller.

4.6 Top Up (Airtime and Data)

Go to **Services → Top Up**, enter or search the mobile number (your own or someone else's), choose the recharge amount or plan, review and pay. Top-ups work for One Communications, Digicel and ENet numbers and are usually credited within seconds.

4.7 Shop at Merchants

Select **Shop** from Services, search the merchant by name or merchant number, enter the amount and confirm with your PIN. The merchant receives an instant confirmation. MMG is accepted at a growing list of retailers, including supermarkets such as Massy Stores; the full list is at mmg.gy/merchants.

4.8 e-Gift Cards and Government Payments

- **e-Gift Cards:** open eGift Cards, browse categories and sub-categories, select a card and amount, and pay from the wallet. The code is delivered in the app.
- **Traffic tickets:** select Traffic Ticket, enter the ticket number, review the payment details and confirm.
- **Other government services:** where enabled, selected government fees (for example General Register Office and immigration services) can be paid from the wallet. Pension and other government disbursements can also be received into an MMG wallet.

4.9 Transaction History, Receipts and Rewards

- **History:** open Transactions (or History) in the app to see recent activity by date; tap an item for details.
- **Receipts:** open a transaction and choose Download or Share receipt. Receipts can be shared by WhatsApp, e-mail or saved as a file.
- **Rewards & promotions:** qualifying transactions can earn cashback, points and entries into contests or challenges (for example weekly transaction-count draws). Active promotions and their rules are shown in the app and on MMG's social channels; only funds from genuine transactions count.

5. Eligibility

Who	Eligibility
Individual customer	Aged 18 years or older, with full legal capacity, an active mobile number on any network in Guyana, a touchscreen smartphone, valid photo ID, proof of address (within 6 months) and TIN. Full details in KB-MMG-02.
Minors	A parent or legal guardian may open and manage an account for a minor.
Recipient without a wallet	Can receive a Mobile Money Order and collect cash at an agent with valid ID.
Business partners	Agents, merchants, billers and disbursement partners register through MMG Business (mmg.gy/business) or the MMGBusiness – Agent & Merchant app, subject to MMG verification.

6. Fees and Charges

- **Registration:** free. **Monthly fee:** none.
- **Transaction fees:** small fees apply to some transactions. The exact fee is always displayed on the review screen **before** you confirm, is deducted from the wallet and is inclusive of VAT where applicable.
- **One Communications bill payments:** free.
- **Receiving money:** free.
- **Fee changes:** MMG may revise fees; changes are published by MMG notice.

Transaction†	Amount band (GYD)	Fee (GYD)
Send Money to MMG wallet	Up to 10,000 10,001 – 50,000 Above 50,000	50 100 200
Mobile Money Order (MMO)	Any amount	Send-money fee + 100
Cash-out at agent	Up to 10,000 10,001 – 50,000 Above 50,000	100 250 500
Merchant payment (customer side)	Any amount	Free
Airtime / data top-up	Any amount	Free

7. Account Levels and Transaction Limits

MMG applies limits on the wallet balance, the amount per transaction and the amount over a day or month. The limits depend on the account level. New self-registered accounts start with limited access until KYC is approved; full access is granted on approval.

Level†	How you get it	Max balance (GYD)	Daily limit (GYD)	Monthly limit (GYD)
Light (pending KYC)	Registered, documents under review	20,000	10,000	50,000
Silver	KYC approved (ID, address, TIN)	200,000	200,000	1,000,000
Gold	Upgrade approved by MMG based on usage and additional verification	1,000,000	1,000,000	5,000,000

If a transaction is declined for exceeding a limit, the customer can wait for the daily limit to reset, split the payment, or request an account upgrade (handled by the Account Upgrade/Downgrade use case, which is reviewed by MMG).

8. Rules and Restrictions

- **Keep your PIN secret.** You are responsible for transactions confirmed with your PIN. MMG staff and agents will never ask for your PIN or password.
- **Transactions are final once confirmed.** Reversal requests must be raised within **30 days** of the transaction. The agent or merchant responds within 24 hours; approved reversals are processed within **7 business days**; disputes escalated to the MMG dispute team are resolved within **3 business days**.
- **Inactivity:** accounts with no activity for **3 months** may be suspended; non-promotional funds are archived and can be recovered by contacting MMG.
- **Lost or stolen phone:** report it to the Call Centre immediately so the wallet can be suspended.
- **Prohibited use:** MMG must not be used for fraudulent, illegal or prohibited activity. MMG monitors accounts and may disclose information to authorities as required by law.
- **Account closure:** a customer can request closure in writing via the Call Centre or website; the remaining balance is returned to the customer's MMG or linked account. On a customer's death, the next of kin can claim the funds with the required legal documents.

9. Supported Channels

Channel	What customers can do
mmg Customer app (iOS / Android)	All wallet services: add money, send, pay, top up, shop, gift cards, history, receipts, rewards, security settings
MMG MFS Web Portal	Account information, transaction history, statements and selected services
MMG agents	Cash-in, cash-out, MMO collection, bill payment, top-up, registration assistance
Merchants	Pay for goods and services from the wallet
Bank online banking	Load the wallet from Republic Bank, GBTI, Demerara Bank or Citizens Bank
AI assistant (Chatbot, WhatsApp, Voice BOT)	Service information, guidance, balance and status queries, support tickets
Call Centre / e-mail / office	Support, disputes, lost-phone suspension, account closure

MMG requires a touchscreen smartphone; there is no USSD or basic-phone version of the customer wallet.

10. Service Availability

- **App and Web Portal:** available 24×7, subject to planned maintenance (notified in advance through app alerts and social channels).

- **Wallet-to-wallet transfers, top-ups and merchant payments:** real-time, 24×7.
- **Agents and merchants:** available during each outlet's own opening hours (shown in the agent locator).
- **Bank loads:** follow each bank's processing schedule (see KB-MMG-04).
- **Call Centre:** Monday to Sunday, 7:30 AM – 8:30 PM.

11. Frequently Asked Questions

Q: What is MMG?

A: MMG is Guyana's first mobile money e-wallet. You keep money in a secure wallet on your phone and use it to send money, pay bills, top up, shop, buy gift cards and more — anytime, anywhere.

Q: Do I need a bank account to use MMG?

A: No. You only need a smartphone, an active mobile number on any Guyana network and a registered MMG account. You can add money at any MMG agent.

Q: Does MMG work with Digicel and ENet?

A: Yes. MMG works for customers of One Communications, Digicel and ENet, and you can top up numbers on all three networks.

Q: How much does MMG cost?

A: Registration is free and there are no monthly fees. Small fees apply to some transactions, and the exact fee is always shown in the app before you confirm. Receiving money and paying One Communications bills are free.

Q: How do I send money to someone who does not have MMG?

A: Use Send Money / MMO and enter their mobile number. They get the money order details by SMS and can collect the cash at any MMG agent with valid ID.

Q: How do I withdraw cash?

A: Visit any MMG agent, tell them the amount, and approve the cash-out in your app with your PIN. Use the agent locator in the app or at mmg.gy/agents to find the nearest agent.

Q: Can I get my money back if I sent it to the wrong number?

A: A reversal request can be raised within 30 days. I can help you log the request; MMG verifies it with the other party before any reversal, which is processed within 7 business days if approved.

Q: Does my MMG balance earn interest?

A: No. MMG is a payments wallet and no interest is paid on wallet funds.

Q: Is MMG safe?

A: Yes. MMG uses encryption, PIN and password protection and strict security controls. Never share your PIN, password or OTP with anyone — MMG will never ask for them.

Q: My phone was stolen. What should I do?

A: Call MMG immediately on 0664 (One Communications) or 222-0664 (other networks) so your wallet can be suspended. Once you have a replacement SIM, MMG will help you restore access.

Q: What happens if I don't use my wallet for a while?

A: Wallets with no activity for 3 months may be suspended and the funds archived. Contact MMG to reactivate the wallet and recover the funds.

Q: Is there a limit on how much I can send?

A: Yes. Limits depend on your account level (Light, Silver or Gold) and cover the wallet balance, per-transaction amount and daily/monthly totals. You can view your level in the app or ask me to check it.

12. Escalation and Contact Details

Escalate to a human agent when the customer disputes a fee or a transaction, reports fraud, wants an action performed on their account, or remains unsatisfied after the information has been given. On Chatbot and WhatsApp, raise a ServiceNow/Zendesk ticket and share the reference number; on Voice BOT, transfer the call.

- **Call Centre:** 0664 (from a One Communications line), or 222-0664 (from Digicel, ENet or any other line). Hours: Monday to Sunday, 7:30 AM – 8:30 PM.
- **E-mail:** customerservice@mmg.gy for non-urgent account, service or document queries.
- **Walk-in:** MMG office, 4th Floor, Pegasus Corporate Suites, Kingston, Georgetown, Guyana.
- **Website / Web Portal:** www.mmg.gy — FAQs, agent locator (mmg.gy/agents), merchant list (mmg.gy/merchants) and Terms & Conditions.
- **Social media:** @yourmmg on Facebook and Instagram for announcements and promotions.

13. Maintenance Notes for This Document

Review this guide whenever MMG adds or retires a service, changes the Schedule of Charges or limit configuration, updates the Terms & Conditions, changes app menu names, or changes contact numbers or hours. Replace all † illustrative values with approved MMG figures before production go-live.
